Invitation

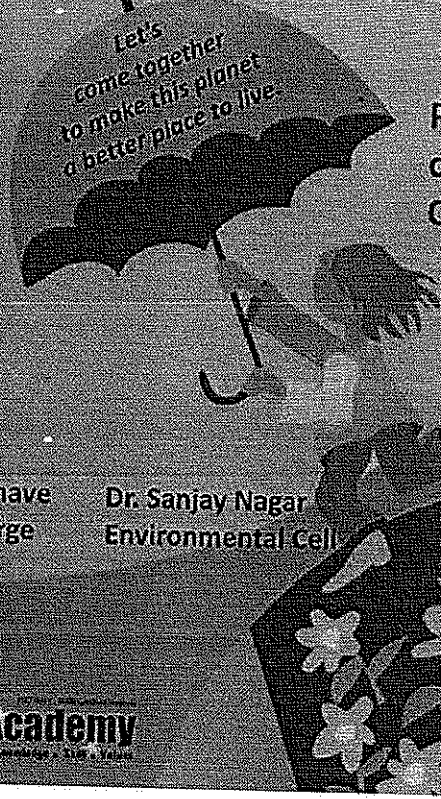

"World Ozone Day Celebration"

The ozone layer is a layer in Earth's atmosphere which absorbs most of the Sun's UV radiation. The ozone layer absorbs 97 to 99% of the Sun's medium-frequency ultraviolet light (from about 200 nm to 315 nm wavelength), which otherwise would potentially damage exposed life forms on Earth. The Montreal Protocol on Substances that Deplete the Ozone Layer is a landmark international agreement designed to protect the stratospheric ozone layer.

16th September is celebrated internationally as World Ozone Day.

We invite you to be with us for the noble cause of helping to restore the Ozone layer for Mother Earth in our own unique way.

MUSKAN — 24 OCT 2016

In this festival of Lighting, sweets and houses full of decoration, we can easily find some of our people with nothing like that. They are just like us but the only difference is the financial condition. Every year we see there are children who can not even eat food properly ,how can they celebrate festival? Just because they don't have money, there is no difference between normal day or a special day. So this diwali our Academy decided to celebrate it with some poor children who are indeed rich by their hearts. Ar Achal Choudhary , Mr GV Kulkarni along with other faculty members distributed sweets and crackers to about 100 under privilged children. Muskan project is an initiative of the ICSR The joy which we see in their eyes and happiness which we shared with them was fabulous and can't be explained in words. It was just immense.

इस वर्कशॉप को प्रधानमंत्री नरेन्द्र मोदी की 'मन की बात' कार्यक्रम में किए गए आग्रह पर आयोजित किया गया। इस दो दिनी वर्कशॉप में बच्चों ने मिट्टी से प्रतिमाओं को बनाकर उनके महत्व के बारे में जाना और संकल्प लिया कि वे अब हर गणेश उत्सव में मिट्टी की मूर्तियां ही उपयोग करेंगे।

वर्कशॉप में सिर्फ ईकोफ्रेंडली गणेश बनाने का संकल्प ही नहीं था, बल्कि गणेश का जल प्रवाह हो तो वह
